**Subject:** Representation letter covering the 2013 final accounts of the European Foundation for the Improvement of Living and Working Conditions

This representation letter is provided in connection with your audit of the "Final consolidated accounts of the European Foundation for the Improvement of Living and Working Conditions" consisting of the "financial statements"<sup>1</sup> and the "reports on the implementation of the budget" for the financial year ended 31 December 2013 for the purpose of expressing an opinion as to whether these present fairly, in all material respects, the financial position of the European Foundation for the Improvement of Living and Working Conditions as of 31 December 2013 and of the results of its operations and its cash flows for the year then ended.

In accordance with the Financial Regulation (EU, Euratom) n°966/2012 of the European Parliament and of the Council of 25 October 2013, the "financial statements" for the financial year 2013 are prepared on the basis of accounting rules adopted by the European Commission which adapt accruals based accounting principles to the specific environment of the European Union<sup>2</sup>, while the "reports on the implementation of the budget" continue to be primarily based on movements of cash.

In line with article 68 of the Financial Regulation, the accounting systems laid down by myself and where appropriate systems laid down by the authorising officers to supply and justify accounting information have been validated.

All the information necessary for the production of the provisional accounts of the European Foundation for the Improvement of Living and Working Conditions which give a true and fair view of the assets and liabilities and of the budgetary implementation has been obtained.

## **LEGAL BASIS FOR THE FINANCIAL RULES AND MAIN ACCOUNTING PRINCIPLES**

The accounts are kept in accordance with the requirements of Eurofound's Financial Regulations (FR) and the rules for the Implementation of the Financial Regulations (IFR) which were adopted on 28<sup>th</sup> March 2003 by the Administrative Board and in accordance with the Accounting Manual of the Commission.

More precisely they are kept in accordance with Articles 76 to 90 of the FR and Articles 185 to 227 of the IFR.

From 1<sup>st</sup> January 2005 and according to article 85 of the FR the accounting rules and methods and the harmonised chart of accounts to be applied by Eurofound shall be adopted by the Commission's Accounting Officer (also according to the General Financial Regulation of the Commission– Art 133).

Therefore the accounts for the year 2013 are kept in accordance with the Commission's Accounting Officer's decision dated 28/12/2004 where 17 accounting rules and a harmonised chart of accounts are defined.

## **BUDGETARY ACCOUNTING REGULATIONS**

The establishment and implementation of the budget of Eurofound shall comply with the principles of unity and budget accuracy, annuity, equilibrium, unit of account, universality, specification and sound financial management, which requires effective and efficient internal control and transparency.

The nomenclature of appropriations is defined by the Governing Board (Article 3 of the financial rules) and is subdivided into three titles.

- Title 1: Staff
- Title 2: Administrative expenditure
- Title 3: Operating expenditure

Eurofound has non-differentiated appropriations for all Titles with C1 Fund Source.

R0 funds for Title 1 (Missions) and Title 3 concern expenditure funded by assigned revenue. R0 appropriations are not cancelled if not committed, but carried forward to the next financial year.

Eurofound published an amended budget totalling to 20,624,300 € in December 2013.

In ABAC, final appropriations entered for 2013 amounted to 20,435K € in C1, 105K € in R0 and 84K € in C4 fund sources respectively. These entries are not shown in the table above but are analysed in the annexes of the financial accounts in detail.

Revenue is about 100,000 € lower than originally budgeted for. The final instalment of IPA (instrument for pre-accession assistance) funding was received and amounted only to 105,400 € compared to 200,000 € in the planned budget (related expenditure is equally reduced). Also, different to previous years, the contribution from a third country to the NEO project was the only revenue from services rendered in 2013.

In Title 1 (staff and staff-related expenditure) the Court of Justice decision from November 2013 against the Commission proposal to increase salaries of staff members by 1.7% from 2011 is reflected.

The increase in Title 2 (buildings and infrastructure) can be mainly explained by the budget increase needed for refurbishment of the dining hall after having received the tender proposals. Also, Eurofound was confronted in December with an urgently required repair of a gas leak on its premises. Some of the monies available in the overall budget were allocated to 'front-load' expenditure relating to ICT equipment originally planned for 2014.

In Title 3 the actual expenditure needs for tasks and projects of Work Programme 2013 were reflected in the amending budget. The cost for meetings were lower than expected and monies available were partly allocated to 'Translation of study reports' to 'front-load' translations originally planned for 2014

## ANALYSIS OF FINANCIAL MANAGEMENT IN RESPECT OF THE YEAR 2013

### General Appraisal regarding implementation of the 2013 Budget

Final authorised revenue and appropriations in the amending budget 2013 totalled to 20,624,300 € Original budget 2013 was 20,731,000, but it had to be reduced by 106,700 € since the final instalment of IPA (Instrument for Pre-accession Assistance) funding was received and amounted only to 105,400 € compared to originally planned 200,000 €

The new appropriations entered in the financial system ABAC for the financial year 2013 amounting to 20,624,300 represented a decrease of 3.8 % by comparison with budgetary appropriations for the financial year 2012 of 21,430,000 €

Appropriations entered in ABAC not used amounting to 91,900 € represented ca. 0.5 % of final appropriations of 20,624,300 € in 2013 (2012: 2.4 %). This relates to funds allocated for the pending salary increase of 2011 and 2012. After the ruling of the Court in relation to the 2011 increase, Eurofound followed DG BUDG's advice on 'front-loading' of 2014 commitments to the extent possible.

**Of the 20,435,379 € general commitment appropriations (C1) arising from EU subsidy (20,371,886 €) and general non-assigned appropriations (63,493 €) Eurofound achieved a commitment rate of 99.5 % (compared to 97.5 % in 2012).**

If appropriations not yet committed and carried over amounting to 0.9 % in respect of assigned revenue (C4 and R0) funds are included as being utilised, the utilisation rate of final available appropriation in 2013 budget is effectively 99.5 % (2012: 97.6 %).

All commitments (C1, R0, C4) entered for the financial year 2013 and the appropriations carried over from the current year's budget (C3) amounting to 20,342,613 € represent a budget utilisation rate of 98.6 % in commitment terms (2012: 97 %) of the entered appropriations.

**The utilisation of appropriations carried over from the financial year 2012 to the financial year 2013 amounted to 95.9%** in payment terms (2012: 97.6 %). About 2.1 % was carried forward to be paid in 2014 and 2 % was cancelled (2012: 2.4 %).

The total appropriations carried over (C8, C3, C4, C5, R0) to 2014 amounted to 4,515,595 € or 21.9 % of appropriations available and is ca. 0.4 % less than in 2012. (2012: 4,535,486 € or 21.1 % of appropriations available in ABAC and 9.6 % more than in 2011.)

**Analysis of the utilisation of ABAC appropriations in 2013 and principal variances as compared with the financial year 2013**

**Title 1 – Staff Expenditure:**

The utilisation of Title 1 appropriations on the basis of commitments amounted to 99.4 % compared with 95.8 % in the preceding financial year.

By comparison with the financial year 2012 the final appropriations committed in 2013 increased by 4.7 % or 521,849 € The increased spending is mainly due to increased expenditure in personnel capacity and promotion of staff members in 2013.

**Title 2 – Administration:**

The utilisation of Title 2 appropriations on the basis of commitments amounted to 99.2 % compared with 97.7 % in the preceding financial year.

By comparison with the financial year 2012, the final appropriations utilised increased by 1.2 % or 22,528 € in 2013. At the end of 2013, a hazard in respect of a leaking ring in the main gas pipe was found and an exceptional and not foreseen commitment of 69,900 € had to be placed in order to replace the leaking gas pipe. Some of the monies, ca. 180K €, available in the overall budget were allocated to 'frontload' expenditure relating to ICT equipment originally planned for 2014.

**Title 3 – Operational Expenditure:**

The utilisation of Title 3 appropriations on the basis of commitments stood at 97.3 % in 2013 compared with the same 98.6 % in the preceding financial year. 2.4 % of appropriations were carried forward as assigned appropriations to 2014, hence, leaving only 0.3 % of all appropriations to be cancelled.

By comparison with the financial year 2012, the final appropriations committed decreased by 583,127 € or 7.7 %. The decrease is explained by about 20 % less committed on study contracts (budget line 3030) due to the lower availability and implementation of assigned revenue appropriations as well as lower level of general appropriations available due to the freeze of EU subsidy. Expenditure on translation activities increased by about 13 % or 117,000 € as Eurofound followed DG BUDG's advice on 'front-loading' of 2014 commitments to the extent possible after the Court of Justice upheld the decision of the Council in relation to the 2011 salary increase.

The carry forward appropriations in Title 1 were 11,351 € or 6.2 % more than in 2012 and represents 2 % of all payment appropriations available (in 2012: 2%).

33,709 € or 17 % of all Title 1 carry overs relate to “unplanned carry overs” which mainly shall cover outstanding reimbursements for candidates attending interviews held

in November and December 2014 and invoices not yet received for ad-hoc consultancy services rendered 2013.

### **Title 2 – Administration**

The majority of the carry forward appropriations of 662,831 € are related to payments to be made in 2014 for utilities and facilities management services rendered in 2013 (in budget line 2200 ‘Water, Gas, Electricity, Heating’), ICT equipment ordered but not yet delivered in 2013 (180K € in budget line 2204 ‘ICT Equipment’), unforeseen gas pipe repair work (ca.70K € in budget line 2040 ‘Fitting Out premises’), and the work contracted to refurbish Eurofound’s canteen in 2014 (230K € also in budget line 2040 ‘Fitting Out Premises’).

The carry forward appropriations in Title 2 were 345,422 € or 109 % more than in 2012 and represents 36 % of all payment appropriations available (in 2012: 18%).

438,831 € or 66 % of all Title 2 carry overs relate to “unplanned carry overs” which mainly shall cover payments to be made for unforeseen gas pipe repair work (ca.70K €), “frontloaded” orders for ICT equipment originally planned for 2014 (ca. 180K €) and refurbishment of Eurofound’s canteen work in 2014 (net “unplanned carry overs” ca. € 200K due to increase of the contract value).

### **Title 3 – Operational expenditure**

The majority of the carry forward appropriations of 3,375,781 € are related to payments to be made in 2014 for concluding study contracts and surveys for 2,884K € (in budget line 3030 ‘Studies and Surveys’) and translation services rendered but not paid in 2013 for 232K € (in budget line 3050 ‘Translation of study reports’).

The carry forward appropriations in Title 3 were 313,275 € or 8.5 % less than in 2012 and represent 49 % of all payment appropriations available (in 2012: 51%).

750,238 € or 22 % of all Title 3 carry overs relate to “unplanned carry overs”. Ca. 490K € are due to increased or reallocation of budgets to a number of ‘hot topic’ projects in order to improve the representativeness of the study results and which lead to up to 100 % carry overs in some cases. Additionally, ca. 120K € are related to invoices not yet received from some contractors for work done in respect of scheduled services for Network of European Observatories (NEO). The rest, ca. 180K € are due to deferral of payments related to changes in the course of procurement, contract or project management.
